

# Vasileios Skevis

## Film Producer and Youth Initiatives Director

 **Email:** [info@novavoxfilm.com](mailto:info@novavoxfilm.com)

## Biography

Vasileios Skevis is a Greek film producer and cultural advocate with a passion for fostering creativity and innovation in cinema. With extensive experience in producing independent films and managing educational initiatives, he has become a driving force in the promotion of youth involvement in the arts.

As the **Director of Youth Initiatives and Educational Programming** at the AmiCorti International Film Festival, Skevis is dedicated to designing cultural policies and educational programs that inspire the next generation of filmmakers. He collaborates with schools, institutions, and cultural organizations to create meaningful opportunities for young people to engage with the cinematic arts.

In his role as a producer, Skevis has overseen various film projects, focusing on socially impactful storytelling that resonates with diverse audiences. His commitment to producing films that highlight cultural heritage and address contemporary social issues has earned him recognition on an international level.

## Notable Projects

- **"Broken Dreams"** (2024 – Co-Producer): Collaborated on this international production with partners from Italy, Iran, and India, emphasizing themes of family and resilience.
- **Youth Film Workshops** (2019 – Present): Developed hands-on training programs for aspiring filmmakers as part of AmiCorti's Cinema Education initiative.

## Skills

- **Film Production:** Expertise in coordinating international co-productions and managing all phases of filmmaking.
- **Youth Engagement:** Designing and implementing educational programs tailored to young audiences.
- **Cultural Policy Development:** Collaborating with organizations to promote cultural exchange through cinema.
- **Language Proficiency:** Greek, English, and Italian.

## Future Projects

- **"In the Name of Luca"** (2025 – In Development): Co-producing a family-focused drama exploring intergenerational relationships.
- Expanding the **Cinema Education Program** with a focus on digital storytelling and immersive technologies like VR and AR.
